

STAFF SAFEGUARDING POLICY

The Children's Act 1989 states the legal definition of a child is a person under the age of 18. Hosts International accommodates students of all ages and is registered with the British Council with the following unique status for adults and juniors:

'Hosts International meets the standards for registration with the British Council as a provider of homestay, private home and independent self-catering accommodation for adults and under-18s for accredited providers in the UK'.

A. Policy Statement

A1) Context

Hosts International welcomes foreign students through various schools, colleges, universities, agents and families and places them with homestay hosts and house share accommodations across the UK. We recognise that we have a fundamental duty of care to all of these students as they are living away from home and without their normal support networks. We also recognise the additional duty of care for all under 18s.

This safeguarding policy represents our belief that it is always unacceptable for a child or young person to experience abuse of any kind and it is the responsibility of all adults in contact with young people to safeguard their welfare.

It is noted that all HI staff have undergone Safeguarding Training Level 1, Childsafe Training and senior staff and management hold DBS checks and have been and are regularly involved in British Council, ISI, Ofsted, EAQUALS, ABLIS and various other accrediting bodies inspections with partner schools and have been trained to either Safeguarding Level 2 or Level 3

On registration, all homestay hosts are provided with a pack with HI's Safeguarding Policy, a guidebook along with various other materials.

B) Code of Conduct

B1) Overview

Hosts International recognises the importance of creating a safe culture where trust is built between staff and under 18;s and both are protected from any behaviour which runs contrary to this culture. We achieve this through adherence to the policies laid out in this document and a genuine environment of care fostered by robust procedures and recruitment and training activities.

B2) Setting standards

The key elements of our code of conduct are interaction, appearance, intoxicants, IT and social networks, accommodation and transport. We expect all adults working on behalf of Hosts International to provide an excellent role model for all students in their care and to cultivate a respectful, safe and secure environment for staff and students.

B3) Interaction

- Maintain professional physical and relationship boundaries, and act in a way appropriate to your Duty of Care
- Do not make suggestive or inappropriate remarks to or about any adult or U18. Inappropriate remarks include innuendo, swearing and discussing their or your own intimate relationships.
- Other than in exceptional circumstances, do not communicate directly with U18's via email or text messages and only then with prior consent from the child's parent or guardian.
- Do not engage in behaviour that may be misconstrued as 'grooming' an U18 for example giving money, presents or favours or talking or behaving in an inappropriate or unprofessional manner.
- Avoid putting yourself in a situation where you are on your own with an under 18 as far as possible.
- Conduct all interactions in a calm manner, and avoid shouting at U18s wherever this is possible unless there is a health and safety risk.
- Ensure physical contact within clear boundaries to avoid any allegations of inappropriate touching.
- If you are required to be in a one-to-one setting with an U18, consider how this can be managed effectively (ie. leaving a door open, using a room that has a window in the door, positioning yourself within sight of the door and considering if the one-to-one setting is really necessary)

B4) Appropriate appearance

Adults should present an appearance which:

- promotes a positive and professional image
- is appropriate to their role
- is not likely to be viewed as offensive, revealing or sexually provocative
- does not distract, cause embarrassment or give rise to misunderstanding
- is absent of any political or otherwise contentious slogans
- is not considered to be discriminatory

B5) Alcohol, drugs and smoking

- Do not consume, or allow U18s to consume any alcohol, drugs, cigarettes or intoxicating substances
- Do not provide alcohol, drugs, cigarettes or intoxicating substances to U18s
- Do not work under the influence of any intoxicants or drugs

B7) Accommodation

- Abide by the accommodation rules and guidelines
- Do not enter private areas without first gaining the student's permission, or in the case of needing to search property, without informing them first and doing so in their presence, preferably with another adult present.

B8) Transport

- Abide by the specific guidelines of your local centre
- All transport providers, whether staff or contractors, to have appropriate suitability checks

C) Child Protection

C1) Overview

We meet our child protection responsibilities by:

- Creating policies and procedures to comply with all regulatory requirements and guidelines
- Reviewing these policies and procedures annually
- Training all staff to an appropriate level of awareness and procedural competence with periodic review
- Making all policies and procedures available to all our stakeholders

C2) Nominated/designated person

HI has two Child Protection Managers who work to ensure a safe environment for our staff and students.

C3) How to respond to concerns

Scenarios which may cause an adult to have safeguarding concerns about an U18 are:

- An U18 tells an adult they are worried about another U18
- An U18 tells an adult of an issue that concerns themselves
- Anyone from outside the Hosts International reports a potential issue
- An adult witnesses behaviours of another adult which cause concern
- An adult sees in an U18 non-verbal indications of safeguarding concerns

In the event of any one of the above adults should:

- Follow the Guidelines outlined below
- Report immediately to the CPM
- Explain your concerns and the reasons behind them
- The CPM will advise you on the next step.

C4) Recognising symptoms of abuse

Child abuse is any form of physical, emotional or sexual mistreatment or lack of care that leads to injury or harm.

It commonly occurs within a relationship of trust or responsibility and is an abuse of power or a breach of trust. Abuse can happen to a child regardless of their age, gender, race or ability.

Abusers can be adults (male or female) and other young people, and are usually known to and trusted by the child and family.

There are four main types of child abuse: **physical abuse, sexual abuse, emotional abuse** and **neglect**. The abuser may be a family member, or they may be someone the child encounters in a homestay situation including during classes, sports and leisure activities. An individual may abuse or neglect a child directly, or may be responsible for abuse because they fail to prevent another person harming that child.

There is no textbook list of signs and signals. Being alert to abuse means:

- Thinking about what you are seeing and asking if it is acceptable practice
- Taking seriously what you are told
- Responding to the stresses behind requests for help or other presenting problems
- Being alert to signals or non-verbal communication or challenging behaviour, and aware that this could indicate unacceptable practice is being deliberately hidden or denied.
- Reporting any doubts to the Child Protection Officers

C5) How to respond to a child or young adult telling you about abuse

When someone talks to you about alleged abuse, remember you are *not* investigating the situation, just listening.

If a child discloses abuse, remember that this may be the beginning of a legal process, as well as of a process of recovery for the child. Legal action against a perpetrator can be seriously damaged by any suggestion that the child's words have been influenced in any way by the person they told.

The following guidance should be followed as far as possible:

- Rather than directly questioning the child, just listen and be supportive.
- Never stop a child who is freely recalling significant events, but don't push the child to tell you more than they wish.
- Do not promise to keep the information a secret. Rather you must inform the child that you will have to share this with the person responsible for their safety.

- Write an account of the conversation immediately afterwards, as close to verbatim as possible. Make a note of what they actually said, using his or her own words and phrases.
- Describe the circumstance in which the disclosure came about.
- Where physical harm is being reported use a body map to indicate the location of cuts, bruises and abrasions, noting the colour of any bruising.
- Hand your record to the designated senior person, who will contact the appropriate authority.

C6) Keeping Records

- All serious concerns communicated to the CPM will be responded to on the same day
- Access to the safeguarding file is only available to the CPM and any official outside agency as appropriate.
- Details of allegations must always remain on a person's confidential file, no matter whether it was malicious or suspect. It is important that a clear and comprehensive summary of the allegation, details of how the allegation was followed up and resolved, and a note of any action taken and decisions reached, is kept on a person's confidential personnel file, and a copy provided to the person concerned. The purpose of the record is to enable accurate information to be given in response to any future request for a reference, where appropriate. It will provide clarification in cases where future CRB Disclosures reveal information from the police about an allegation that did not result in a criminal conviction and it will help to prevent unnecessary re-investigation if, as sometimes happens, an allegation resurfaces after a period of time. The record should be retained at least until the person has reached normal retirement age or for a period of 10 years from the date of the allegation if that is longer.

- The CPM will take advice from the LADO, police and local authority social care services to agree the following:
 - Who needs to know and, importantly, exactly what information can be shared;
 - How to manage speculation, leaks and gossip;
 - What if any information can be reasonably given to the wider community to reduce speculation; and
 - How to manage press interest if and when it should arise.

C7) If an staff member is accused

The CPM will then work with the LADO/Appropriate Social Work Department for advice on appropriate actions to take to ensure the safety of the child.

D) Training

The Child Protection Manager has overall responsibility for ensuring all adults have appropriate training and that this is updated annually. Additional sessions will be organised where deemed appropriate by the Child Protection Manager.

- All adults employed by HI must complete a minimum of the Level 1 Online Safeguarding training and be fully aware of the HI Safeguarding Policy.
- Staff with access to U18s must also be in possession of a recent DBS check and sign the HI Self Declaration where this is pending.
- The HI CPM must complete Level 3 Safeguarding
- All staff must take the Prevent online training course and hold a completion certificate.

E) Safer Recruitment

Hosts International follows Safer Recruitment guidelines set down for all recruitment interviews. For roles with substantial access to U18s there are questions exploring the applicant's awareness of safeguarding. For example: 'Safeguarding is key to everything we do. What do you understand by this term, and can you give examples of how your role can contribute?'

References are always followed up for new staff members. Every reference request contains a specific question asking if there are any concerns about this person working with U18s. Suitability checks for working with U18s are always sought – DBS

E4) Applicants are informed that:

- References will be followed up
- All gaps in CVs must be explained satisfactorily
- Proof of identity and (where applicable) qualifications will be required
- Reference requests will ask specifically whether there is any reason that they should not be engaged in situations where they have responsibility for, or substantial access to, persons under 18.
- Appropriate suitability checks will be required prior to confirmation of appointment.

E5) Applicants awaiting suitability checks

In the UK, In the event that a DBS check has not been completed by the start date of a new employee, commencement of employment can take place only with restrictions. The decision will be made by the Line Manager, with the agreement of the CPM and rationale must be completed and signed by both parties. This judgment will be based on an assessment of the risk compared to the consequences of the decision. If the employee does commence work, they must have signed a self-declaration and their access to U18s must be supervised at all times.

E6) Applicants with a criminal record

In the event that a disclosure shows that a potential employee or member of staff has a criminal record, the situation will be judged by the CPM will take into account the seriousness and nature of the offence, the nature of appointment, the age of the offence and

the frequency of the offence. The disclosure will be discussed with the prospective employee and any decisions made must be in writing and signed by the recruiter and the CPM.
